

VRM BIO-REGEN® XLR8® BIO

Available at licenced resellers only

A bio-accelerant that stimulates biological reactions in soil which enhance carbon sequestration and biological nitrogen fixation to continue feeding plants after fertilising.

SKU: fd7dd8154783 | Category: [Farm Biologicals](#) |

Active Constituents: A fermentation product combining key VRM technologies for soil enhancement and nutrient management.

Directions for use: This table gives a general application guide. Please consult your VRM Biologik® representative for an application regime specific to your crop and conditions. APPLICATION PER

SPRAYED HECTARE / ACRE

GROUND	XLR8® Bio	Water
XLR8® Bio Alone	2-50 L per Ha / 2-40 L per Acre	100-1000L
Combination Use	2-50 L per Ha / 2-40 L per Acre	100-1000L
FOLIAR	XLR8® Bio	Water
XLR8® Bio Alone	2-50 L per Ha / 2-40 L per Acre	300-2000L
Combination Use	2-50 L per Ha / 2-40 L per Acre	300-2000L
FERTIGATION		
XLR8® Bio and Combination Use	2-50 L per Ha / 2-40 L per Acre. Apply regularly through centre pivot system. This product is compatible with micro dripper systems.	

NOTE: In general XLR8® Bio is applied at the same time when plants would normally be fed. Intensive crops may require more frequent applications. For further information regarding other products in the XLR8® range including Cr, K, N and P contact your VRM Biologik® representative.

Indications: With HumiSoil Application: Use concurrently whenever HumiSoil is applied directly to the soil – acts as a bio-accelerant for the processes contained within HumiSoil. **At other times:** Can be applied directly on the ground or as a foliar spray or via Fertigation - acts as a bio-accelerant for the processes in the soil or around plants.

Pack Sizes: 30005-15L 15L Cube 30005-200L 200L Drum 30005-IBC 1000L IBC

Precautions: Use in a well-ventilated area. This product has a strong fermentative odour which dissipates quickly after use.

Storage: Store in a shaded place until ready to use. DO NOT FREEZE. Keep containers closed and free of debris when not in use. DO NOT SHAKE.

Withholding Periods: NIL
