- Vitamin B12
- Vitamin K
- Biotin

**Directions for use: MIXING RATES: Isotonic Solution** – dissolve 60g (1 heaped measuring cup) of powder in 2L of warm water (40°C). **Hypertonic Solution** - dissolve 80g (1.5 measuring cups) of powder in 2L of warm water (40°C). **FEEDING RATES:** Refer to product label and feed according to veterinarian instructions.

**Indications:** Oral, non-antibiotic isotonic energy, electrolyte and vitamin supplement for calves, foals, lambs, kids and crias.

**Pack Sizes:** **105302** 2kg Pail | 6 units per carton **105304** 4kg Pail | 4 units per carton **105310** 10kg Pail | 2 units per carton **105320** 20kg Pail **VetreSTART®** is exclusively available through veterinary practices.

**Precautions:** It is essential that animals have access to free-choice water at all times, even when feeding energy/electrolyte solutions. Mixed solutions should only be used for young calves, lambs, kids, crias (alpaca) and foals that can stand and suckle. To be fed as a supplement between normal milk/milk-replacer feeds.

**Storage:** Store below 25°C (Air Conditioning) in a dry place, out of direct sunlight. Protect from air and moisture. Keep container sealed at all times. Reseal container immediately after dispensing. Product

will absorb moisture from air (if left unsealed) which may cause crusting on the surface or hardening or powder. If this occurs, break up powder and measure out your requirements as per mixing instructions. Crusting or hardening of powder does not affect product effectiveness.

**Withholding Periods:** CATTLE MEAT: Zero (0) days MILK: Zero (0) days SHEEP MEAT: Zero (0) days MILK: Zero (0) days **EXPORT SLAUGHTER INTERVAL (ESI)** Zero (0) days
