ProfeSTART® COLOSTRUM

MULTI-SPECIES COLOSTRUM SUPPLEMENT

ProfeSTART Colostrum Supplement is formulated to ensure neonatal newborns receive valuable nutrition, immunity and antibodies needed to survive. Contains dried Australian Bovine Colostrum and enhanced with Lactoferrin, Lactoperoxidase, MCT and FOS. Specifically formulated to ensure all ingredients DO NOT inhibit the uptake of IgG antibodies.

THE ProfeSTART ADVANTAGE

- ▶ Non-medicated formulation based on global research, development and local innovation (data on file)
- ▶ Formulated and manufactured by animal nutrition specialists
- ▶ Unsurpassed product quality, performance and technical support
- ▶ Endorsed by farmers and industry specialists
- ▶ Available from leading rural resellers nation wide

BENEFITS

- ▶ **Application** – convenient, easy-to-use formula
- ▶ **Performance** – rapid immunity boost; does not inhibit uptake of IgG antibodies (data on file)
- ▶ **Price** – best value for ultimate composition and performance

RURAL

THE ProfeSTART ADVANTAGE

ProfeSTART Colostrum Supplement has been scientifically and uniquely formulated to comply with up to date global research, development and local innovation with local know-how and ingredients:

THE NEW BENCHMARK

Recognised as the industry's specialist in infant animal health and nutrition, ProviCo Rural is Australia's leading manufacturer and supplier of infant animal milk formulations and specialty nutrition products with its flagship brands ProfeSTART & ProfeLAC.

Following extensive research and development the latest industry benchmark for colostrum supplementation is available in the trusted ProfeSTART brand.

KEY INGREDIENTS

Australian Bovine Colostrum – 100% genuine Australian dried colostrum powder containing locally acquired IgG antibodies to boost immunity. Enhanced with:

Lactoferrin – natural anti-oxidant with bacteriostatic properties and antiviral and antiparasitic activities.

Lactoperoxidase – natural antimicrobial activities and bacteriostatic properties.

TECHNICAL SUPPORT

ProviCo infant specialists all have infant-rearing experience with ruminant nutritionist and technical support.

ProfeSTART FEEDING GUIDELINE

HOW TO PREPARE ProfeSTART COLOSTRUM SUPPLEMENT FEEDS

1. Add ProfeSTART COLOSTRUM SUPPLEMENT powder to half the required volume of fresh, clean water at 38-40°C. Mix until fully dissolved.
2. Add water to required volume and stir to ensure homogeneous mix.

CALVES & FOALS (SINGLE DOSE):

Mix 200g of powder into 700mL of warm water.

- **Newborns that received NO maternal colostrum**
Feed a single dose twice within 24 hours of birth.
If possible, feed first dose within 6 hours of birth.
- **Newborns that received SOME maternal colostrum**
Feed a single dose with 24 hours.
- **To ENHANCE maternal colostrum**
Mix 200g to 1.5L maternal colostrum.
- **At other times, as a nutritional tonic for unwell or ill-thrift infants**
Feed a single dose as a replacement milk feed, repeat as required.

LAMBS, KIDS, CRIAS & FAWNS:

Mix 25g of powder into 75-85mL warm water.
Feed this volume 4 times within the first 24h hours of birth.

PACKS 400g Jar and 4kg Pail
ESI & WITHHOLDING PERIODS NIL
DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL

ENERGY BOOST

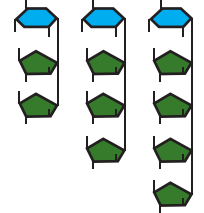

Media Chain Triglycerides (MCT) – a type of fat that acts more like sugar which gets absorbed rapidly and delivered directly to the liver for an extended energy boost. Acts as an Energy Boost within 2-6 hours after ingestion.

PREBIOTIC - FOS

Fructo Oligosaccharides (FOS) – selectively feeds beneficial bacteria in the digestive system maintaining optimum gut health.

Does Not contain Mannan Oligosaccharides (MOS) or other ingredients which may inhibit or interfere with IgG uptake (data on file).

BIOPAK™ PREMIX

A unique proprietary blend of vitamins, OrganoTrace® minerals to support vital metabolic functions, and additives specifically selected to boost energy and immunity.

MULTI-SPECIES

ProfeSTART Colostrum Supplement has been specifically formulated for calves, foals, lambs, kids, crias, fawns and crias.

Suitable for wildlife and other species, however if a low-lactose formulation is required feed ProfeLAC NURTURE.

WILDLIFE & OTHER SPECIES			
BODY WEIGHT	PROFESTART POWDER	WARM WATER	TOTAL MIXED QTY
1 - 2 kg	15 g	50 mL	65 mL
2 - 3 kg	20 g	70 mL	90 mL
3 - 4 kg	25 g	85 mL	110 mL
4 - 5 kg	30 g	105 mL	135 mL
5 - 10 kg	60 g	210 mL	270 mL
10 - 20 kg	100 g	350 mL	450 mL
20 - 30 kg	130 g	450 mL	580 mL
30 - 40 kg	160 g	560 mL	720 mL
40 - 50 kg	200 g	700 mL	900 mL

ProfeSTART Colostrum Supplement is designed for use as per label recommendations.
When feeding milk replacers ask for the ProfeLAC or Vitafarm brands.
If a low-lactose formulation is required ask for ProfeLAC NURTURE.
